

Partnerships for Communities

We build strong partnerships with the communities we serve to help create better places for all of us to live and work. We recognize that stable operating costs, a well-trained staff and outstanding customer service are essential to a healthy community.

Companies

The industrial market is an important focus of our business. We work closely with you to integrate our services with your day-to-day operations. We understand that uninterrupted production activity, stable operating costs, and continuous safety and regulatory compliance are essential to success.

Cultivating a sustainable world

We're committed to embedding sustainable practices into every project we deliver. We strive to help our clients reap the benefits of integrated, whole-systems solutions that sustain people, businesses and our natural environment.

O&M solutions
for better
communities
and companies

Helping you to create better communities and companies through innovative O&M solutions

CH2M HILL OMI partners with clients in government and industry to deliver a complete range of custom-tailored operations and maintenance solutions.

Based in Colorado, we are a recognized leader in delivering utility, community and environmental projects for public and private clients around the world. As part of CH2M HILL, a global leader in full-service engineering, consulting, construction and operations, we offer the technical resources, the global footprint and the depth of experience to help clients achieve success in any corner of the world.

Our services include water and wastewater system and staff optimization; contract O&M of water, wastewater and other utilities; and complete municipal services, including administration, public works and community development—all backed by a commitment to safety, quality, innovation and customer service.

Partnering with CH2M HILL OMI can offer your community or company the experience and expertise to address its operations and maintenance challenges. From short-term consulting to long-term management, we partner with our clients to improve performance, enhance the environment and improve quality of life.

We understand that the success of any partnership comes down to individual relationships. As an employee-owned company, we recognize that our people are our

most important asset, and we make a point to train, empower and reward them. The result: the men and women of CH2M HILL OMI have an extraordinary commitment to our customers, our company and the environment.

We develop creative, yet practical solutions, striving to go beyond your expectations every time.

Every day, on every project, we commit ourselves to the highest standards of quality, from the systems we implement to the results we deliver. Our projects and people have earned hundreds of awards, including more than a dozen national awards. And we're the only firm in

our industry ever to be recognized with the prestigious Malcolm Baldrige National Quality Award, the nation's top award for quality. When you partner with CH2M HILL OMI, your agenda becomes our agenda, your challenges our challenges. Our goal is to do whatever it takes to exceed your expectations and deliver solutions that get results.

For more information about how CH2M HILL OMI can provide cost-effective, innovative O&M solutions to your community or company, call us at 800.831.3243.
